Node, Next.js, GSAP, Php, MongoDB, MySQL,Figma

## Language

- English
- Hindi
- Malayalam

## Summary

As a self-taught front-end web developer with a BCA degree, I am deeply passionate about creating visually stunning and user-friendly websites. With a solid foundation in HTML, CSS, JavaScript and React, I excel at transforming creative concepts into functional and intuitive user interfaces. I have acquired my coding skills through a combination of Research, YouTube tutorials and active learning on websites dedicated to coding. I am currently expanding my skill set by learning Next.js, MongoDB, and Node.js with the goal of becoming a proficient MERN stack developer. By the way, I've developed many projects and posted them on My GitHub. I invite you to explore my GitHub repository through the link provided on contact info.
